Welcome to the UNESCO Biosphere Entlebuch

Whether you're hiking, panning for gold or discovering plants on a themed trail, the UNESCO Biosphere Entlebuch, covering an area of 400 km², offers adventures for all ages. If you enjoy the great outdoors, this is the place for you: the Entlebuch nature park is rich in natural treasures. Lucerne's «Wild West» features Switzerland's largest and most numerous moor landscapes, striking karst terrain, and a flora and fauna of national and international importance. No wonder UNESCO designated the Entlebuch as Switzerland's first biosphere reserve in 2001.

Come and see for yourself – we look forward to welcoming you!

Tips for the UNESCO Biosphere Entlebuch

www.biosphaere.ch

TIP 1 Savurando Entlebuch e-bike treasure hunt

The Savurando gastro-themed treasure hunt takes you into the heart of the UNESCO Biosphere Entlebuch and introduces you to tasty herb-related specialties and local producers by getting you to solve fun riddles.

TIP 2 Schüpfheim roller sports park

Schüpfheim's roller sports park offers very special recreational fun for the whole family and all ages 2 to 102! The park includes a pump track and a skate facility with bowl.

TIP 3 Entlebuch energy experience

This themed footpath features a variety of energies including fire devils and moor spirits. You'll encounter six info platforms, each devoted to an energy source: earth and moor, river and water, light and sun, air and wind, gas and fire, forest and wood.

TIP 4 Romoos: Zyberliland

In search of the mysterious Bärghandli (little mountain men), parents and children discover the Zyberliland world of adventure in the wild Napf region.

TIP 5 Schüpfheim: Emma Foxtrail

Experience an exciting foxtrail in the Emmental and Entlebuch with the BLS railway. Jim and Lukas are really worried about their locomotive, Emma, and need your help! They join the fox to search for Emma. But watch out, there are hurdles to overcome along the way.

TIP 6 Romoos: Napf gold experience

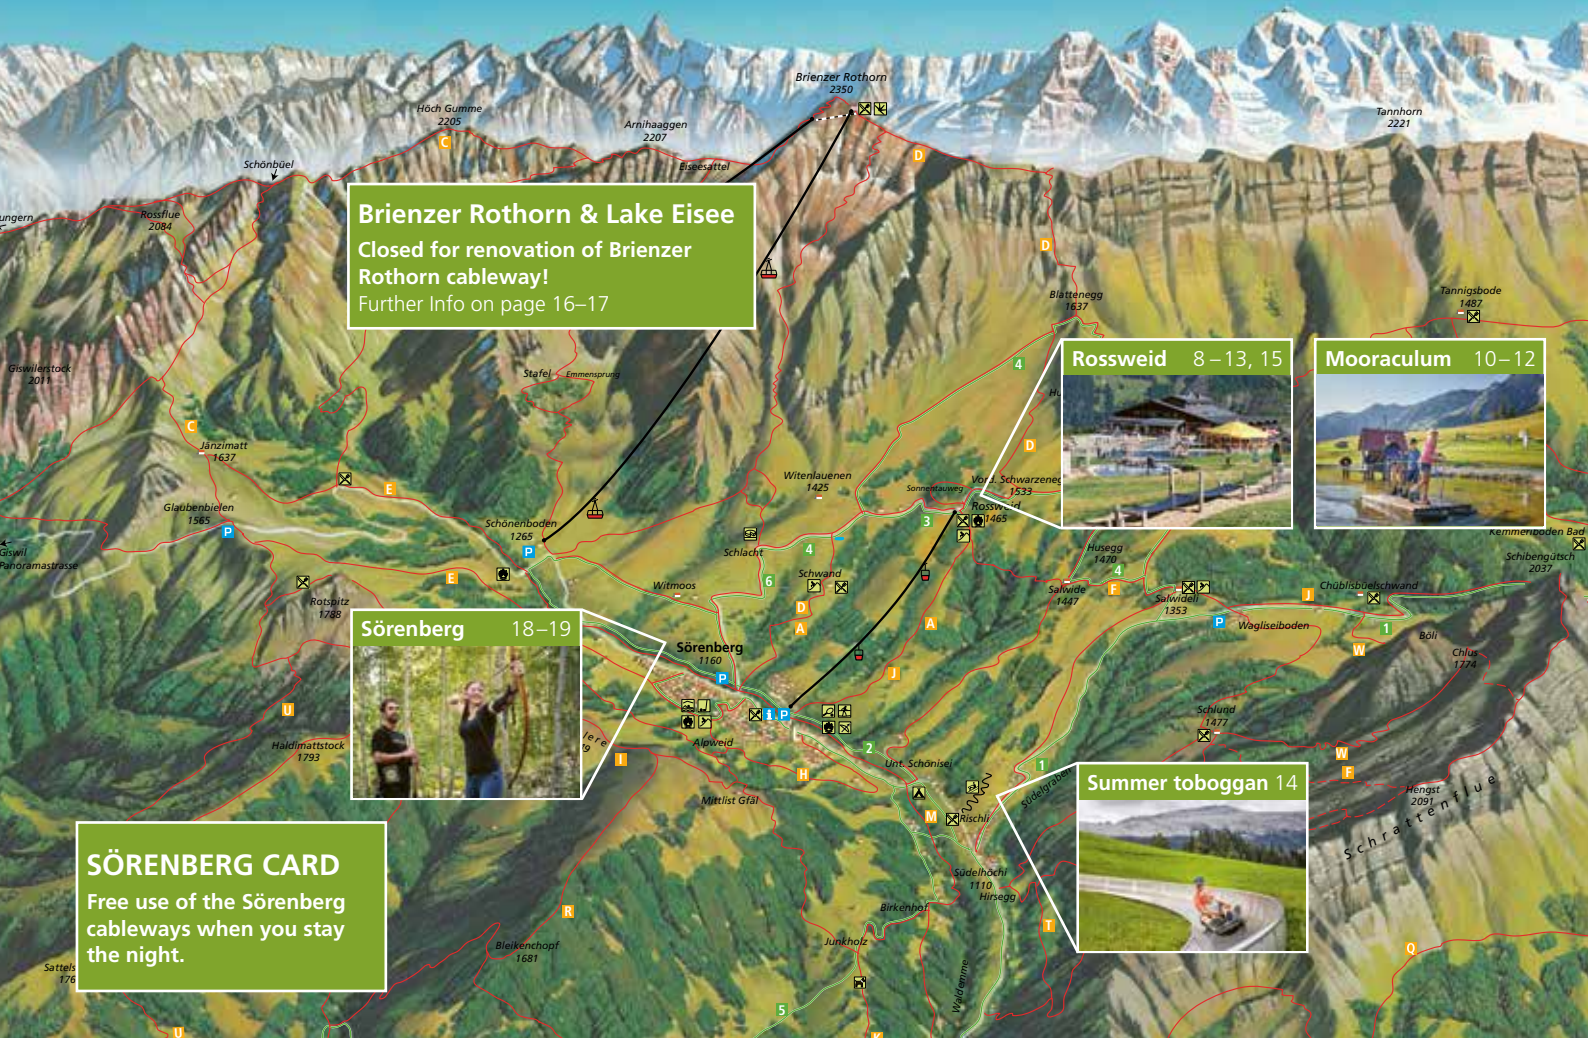

Instructed by gold panner Gsto and his team, gold prospectors set to work with shovel and pan and sift through the gravel in the wild creeks and ditches in the Napf area. If, at the end of the washing out, you see something shiny glinting in the pan, you won't be rich, but you will have had a great day out.

TIP 7 Heiligkreuz: Wurzilla fairytale path

Follow the fairytale path through the forest and listen to the adventures of Wurzilla, a little root child. The tour is about a kilometre and a half long and has places where children can play, including an oversized spider's web and a huge wooden swing in the middle of the forest. Discover the fairy tale trail with exciting puzzles by means of the «Dragon Friend Smartphone Scavenger Hunt Family».

TIP 8 Heiligkreuz: Seelensteg boardwalk

After Storm Lothar passed, traditional exploitation activities were abandoned in a stretch of forest below Heiligkreuz and a 500 m long, slightly elevated boardwalk created instead. This leads through the fairytale blueberry and fern forest, away from the hectic pace of everyday life.
